Christmas 2009

Happy holidays from Home and school

We have had a great start to the year by kicking off several fundraisers and events which have allowed us to build a solid foundation for the future. We have had several meetings so far. This year with we have instituted the N.U.T pass (no uniform today) as an incentive to get parents motivated to come and

participate. We have a lot of work to do. Our job is never done. We need to come together so that we can build a better future and learning basis for our children. Therefore, I invite you to come and take part; no strings attached. I love seeing everyone and listening about great ideas.

Getting started

I accepted this task with great honor and respect for you as well as the children it is designed to serve. During the last several meetings, I have openly discussed the issues of fundraising and being able to provide quality learning experiences and events for the kids. My goal is for this to be a fun and exciting time for everyone as the school year progresses.

Please refer to the attached calendar for more info.

We have had great success with the cookie dough fundraiser, and the Butter Braids. This year for Santa's workshop we had the Rhode Island Novelty store provide us with full set up for the Santa's Workshop store which will run for two days. On the night of the concert, we will be having a cake raffle and Advent Café hosted by Mrs. Ortega's 8th grade Spanish class. Look out for the beach invitation in January. We will be hosting a family beach party dance along with the Student Council. We will be inviting Sacred Heart students and their families to join us. Please feel free to donate six packs of soda, water or baked goods for that night. I would also like to extend an invitation to join the school revitalization team in effort to clean up the school and make it more presentable for all.
